Maleic anhydride market report

Global Maleic Anhydride Market Expected To Reach USD 6,788.8 Million By 2020: Grand View Research, Inc

Grand View Research has announced the addition of 'Global Maleic Anhydride Market Analysis and Segment Forecasts to 2027' Market Research report to their Database

Attractive Opportunities in the Maleic Anhydride Market

Report Details

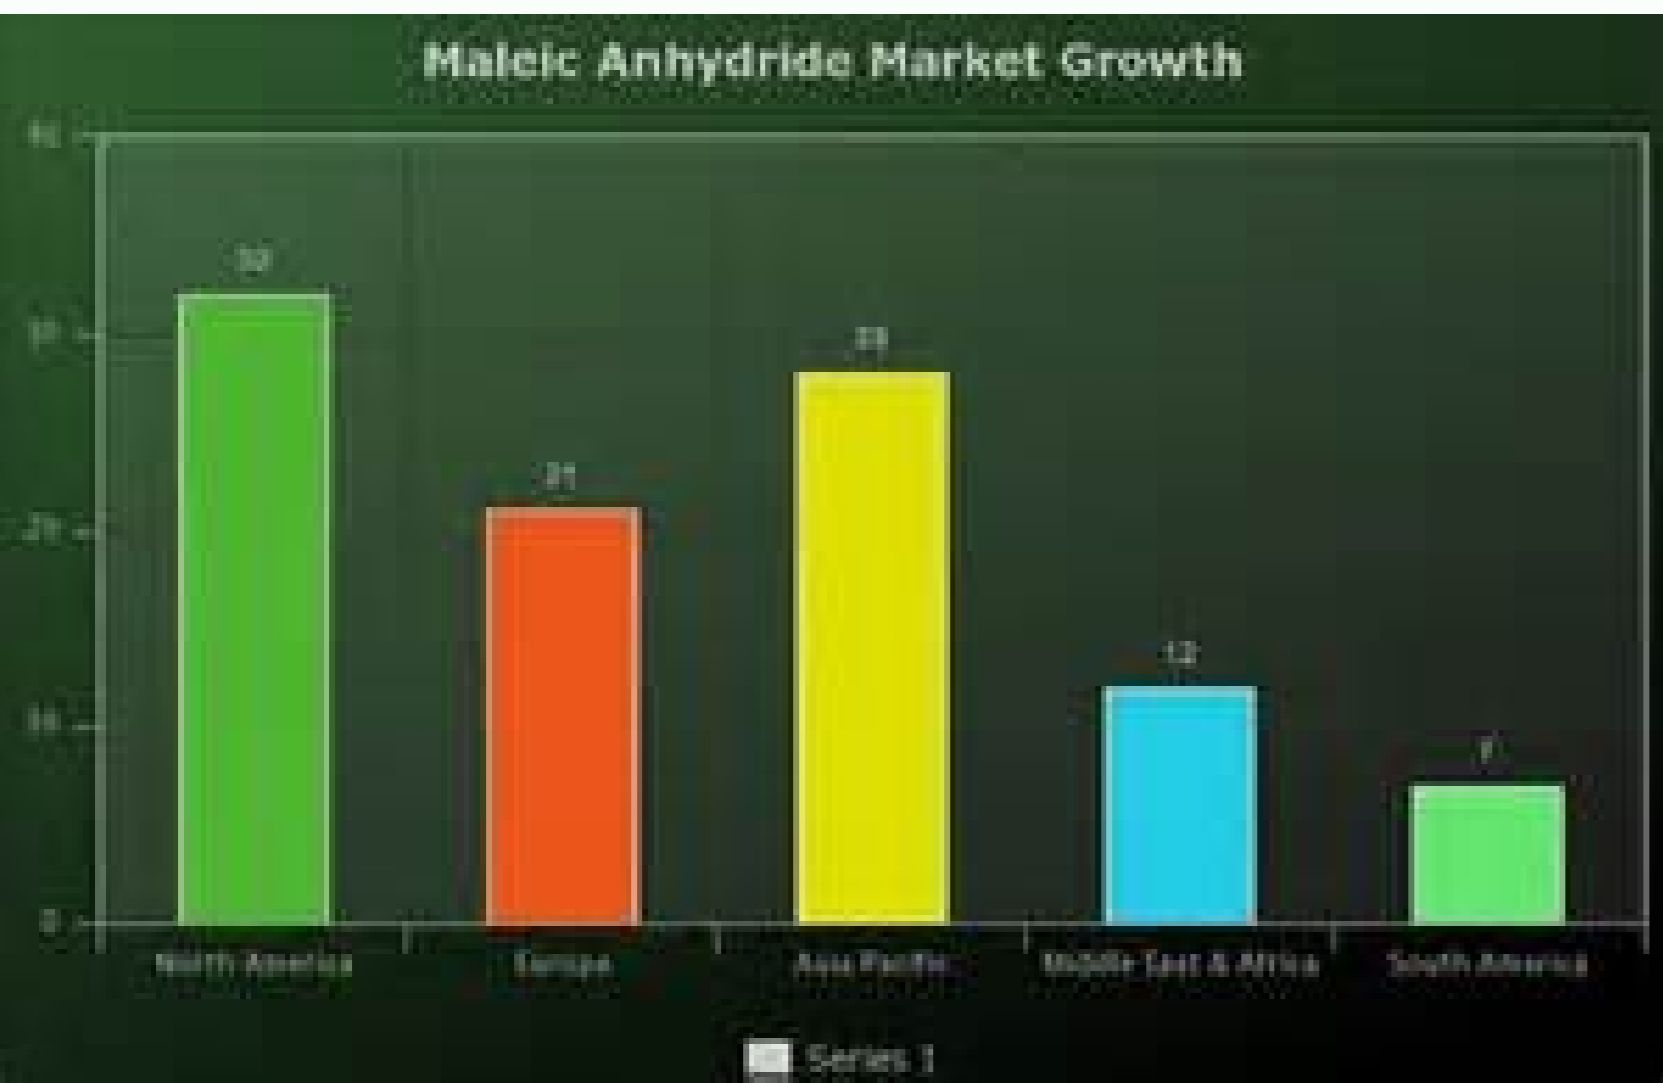

A glimpse of the major drivers and restraints affecting the Maleic Anhydride market mentioned below –

A. Major Drivers

- Growing BDO demand in textiles and fabrics
- Growing UPR demand in building & construction
- Growing UPR demand in automobile industry

B. Major Restraints

- Volatile raw material prices

Global maleic anhydride market report.

In 2020, the country produced 25,225,242 vehicles, which declined by about 2% from 2019. Asia-Pacific dominated the market, and it is expected to continue its dominance during the forecast period. Electronic products, such as smartphones, TVs, wires, cables, portable computing devices, gaming systems, and other personal electronic devices, recorded the highest growth in the electronics segment. For each segment, the market sizing and forecasts have been done on the basis of revenue (USD million). Furthermore, the continuous growth in population is another factor fueling the demand for cosmetics products in the country. The construction industry in the country has been growing at a slow pace, which is majorly driven by the increasing new residential construction activities. The country is known for its booming commercial activities. According to the National Development and Reform Commission (NDRC), the Shanghai plan includes an investment of USD 38.7 billion in the next three years, whereas Guangzhou has signed 16 new infrastructure projects with an investment of USD 8.09 billion. The COVID-19 pandemic is having an adverse effect on the global economy, further disrupting industrial investments and activities at present. These resins are synthesized using maleic anhydride, along with phthalic anhydride, propylene glycol, and adipic acid. Increased focus on affordable housing by the public and private sectors will drive the residential construction sector.ÅÅÅs growth. By end-user industry, the market is segmented into construction, automobile, food and beverage, oil products, electronics, personal care, pharmaceuticals, and agriculture. The expansion of the building and construction industry globally due to the increasing global population and lifestyle changes brought about by urbanization may greatly contribute to the growth of global market for unsaturated polyester resins. MARKET SEGMENTATION5.1 End-user Industry5.1.1 Construction5.1.2 Automobiles5.1.3 Food and Beverage5.1.4 Oil Products5.1.5 Electronics5.1.6 Personal Care5.1.7 Pharmaceuticals5.1.8 Agriculture5.2 Product Type5.2.1 Unsaturated Polyester Resin5.2.2 BDO (Butanediol)5.2.3 Lubricant Additives5.2.4 Maleic Anhydride Copolymers5.2.5 Malic Acid5.2.6 Furmaric Acid5.2.7 Alkyl Succinic Anhydrides5.2.8 Surfactants and Plasticizers5.2.9 Other Product Types5.3 Geography5.3.1 Asia-Pacific5.3.1.1 China5.3.1.2 India5.3.1.3 Japan5.3.1.4 South Korea5.3.1.5 Rest of Asia-Pacific5.3.2 North America5.3.2.1 United States5.3.2.2 Canada5.3.2.3 Mexico5.3.3.3 Europe5.3.3.1 United Kingdom5.3.3.2 France5.3.3.3 Germany5.3.3.4 Italy5.3.3.5 Rest of Europe5.3.4 South America5.3.4.1 Brazil5.3.4.2 Argentina5.3.4.3 Rest of South America5.3.5 Middle-East and Africa5.3.5.1 South Africa5.3.5.2 Saudi Arabia5.3.5.3 Rest of Middle-East and Africa6. Unsaturated polyester resins (UPR) are used in the production of lighter and stronger fiberglass composites for boats, cars, construction, wind turbine blades, and a diverse range of consumer products. Germany has the largest construction industry in Europe. Demographics in the country are expected to continue to spur the growth in residential construction. Over the short term, the major factors driving the growth of the market studied are the rising global demand for unsaturated polyester resin and growth of end-user industries in emerging nations. Unsaturated polyester resin dominated the market with a significant share, and it is expected to witness a healthy growth rate during the forecast period. LIDE.4.8 NIPPON SHOKUBAI CO.
