Animal farm chapter 7 questions and answers

Food shortages are taking place at Animal Farm, but this is hidden from Mr. Whymper, and he is led to believe that food surpluses exist there instead and tells the outside world just that. It implies that there were two types of food present - some that was short and rotten, and some that was lush and healthy. Other animals then confess to a variety of things, all related to Snowball, and all are killed. Winter is characterized by cold temperatures, shorter days, and often includes snowfall in many regions. The animals sadly sing, "Beasts of England." Squealer then informs them that doing so is no longer allowed. How did the animals give the impression to Mr. Whymper that they had plenty of food? [Accessed April 17, 2025]. Squealer pointed out that Napoleon had categorically stated that Snowball was Mr. Jones' secret agent before, during and after the Battle of the Cowshed. Shortly thereafter, Squealer informs the animals that Snowball is now at Pinchfield Farm and is planning to guide an attack on Animal Farm. It was no longer needed as the rebellion had been completed with the execution of the traitors. A different song is now sung on Sundays, but it pales in comparison to "Beasts of England." Analysis Snowball has turned into the textbook definition of a scapegoat, being blamed for just about anything that goes wrong. The reason that he provides is that the Rebellion has been completed, so it's no longer necessary. The thin walls may have been poorly constructed or not designed to withstand strong winds, leading to the windmill's downfall. That coincided with one of Boxer's mottos, "Napoleon is always right." Who were the first animals to confess and be put to death for their being associated with Snowball? And anybody who was troublesome was accused of working with Snowball, which means that using Snowball as a scapegoat ends up being a way to suppress any future rebellions. Three hens. Therefore, it is plausible that they could have initiated a small rebellion. Meanwhile, Snowball is being blamed for anything that goes wrong. What happened when the dogs attacked Boxer? Snowball. Animals do not have the capability to understand or be "fine" with the concept of public executions. Although stunned and sad, the surviving animals are still grateful that, even though things are not perfect, at least no humans are in charge. Enhance your understanding today! Review Question: What ominous changes in Napoleon's behavior and the conditions on Animal Farm occur in Chapters 5 & 6? Three feet. The sixth one: "No animal shall kill any other animal." Which animal did not attend the deadly meeting? This implies that the walls of the windmill were not sturdy enough to withstand the force of the wind, causing it to collapse. ExplanationWinter is the correct answer because it is one of the four seasons, along with summer, spring, and fall. Animal Farm Chapter 7." www.Animal.Farm (Online). Four days later, a number of animals confess to working with or otherwise being influenced by Snowball, and all are put to death. How many hens died during their protest? Animal Farm Chapter 7: The windmill's reconstruction commences. He caught one of them with his hoof and pinned him to the ground as the others fled. What stopped the animals from voicing any protests? At the end of the chapter, Boxer seems depressed and deals with it by engaging his work addiction. [Accessed: April 17, 2025] Previous: Animal Farm Chapter 6 Next: Animal Farm Chapter 8 Animal Farm Chapter 7 Questions and Answers Did the humans think Snowball or thin walls were to blame for the windmill's destruction? At this point in the story, during the seventh chapter, does Napoleon generally appear at the Sunday morning meetings? All of the above ExplanationSnowball is blamed for everything bad in Animal Farm because he is portrayed as a scapegoat by the pigs in order to divert attention from their own failures and maintain control over the other animals. However, it does not seem to cross anybody's mind that a commandment had been broken, but they do realize that this was the first time that an animal had killed another since Mr. Jones left. He adds that Snowball had actually been involved with Mr. Jones from the beginning and had also attempted to cause the animals to lose the Battle of the Cowshed. He was also a common enemy that the animals focused on as opposed to the leadership style of Napoleon or Animal Farm's faltering economic system. He stopped feeding them. How did Napoleon respond to the hens' protest? The hens are ordered to supply 400 eggs a week. By blaming Snowball, the pigs are able to manipulate the animals' perception and consolidate their power. Which animals followed the pigs in confessing and being killed? Everything that goes wrong is blamed on Snowball. Available from: Animal Farm Chapter 7." www.Animal.Farm - Accessed April 17, 2025. ExplanationThe animals being perfectly fine with public executions is not a plausible or logical statement. Sank his teeth into his leg. ExplanationThe statement is true because in George Orwell's novel "Animal Farm," Snowball is portrayed as a scapegoat for the animals' problems. Food shortages are starting to occur. Boxer. However, the true reason is likely because it now had the potential to unite the rest of the animals in a rebellion against Napoleon and Squealer. Him seeming to be everywhere at unexpected times has put the rest of the animals on edge. However, they are still thankful that no humans have been able to return and retake the farm. Did the animals think Snowball or thin walls were to blame for the windmill's destruction? This answer is true as it accurately reflects the events and actions described in the statement. Chapter 7 1. Four hundred. [Internet]. ExplanationThe correct answer is True because in George Orwell's novel "Animal Farm," Boxer, the loyal and strong horse, defends Snowball, the pig, during the Battle of the Cowshed. This includes missing food and broken windows, as well as any other negative occurrences on the farm. They do not possess the cognitive abilities to comprehend such events and therefore cannot have a preference or opinion about them. This implies that Napoleon was in a position of power and authority, and he used it to eliminate anyone who opposed him or questioned his leadership. Jan 23, 2024 Quiz Edited byProProfs Editorial Team Chapter 7 - Low Stakes Questions These accompany the novel, Animal Farm. He also let the pinned one go after Napoleon ordered that he do so. The walls are being built twice as thick as before despite the animals knowing that the wind was not the cause of its destruction; Snowball was. To the animals, who or what was responsible for just about everything that went wrong at Animal Farm? Three. Boxer is initially doubtful, but Squealer informs him that Napoleon has said that this is what occurred, and that settles it since "Napoleon is always right." Squealer closes by saying that they have reason to believe that Snowball has secret agents currently at Animal Farm. Five. Boxer is especially gullible as he continues to follow one of his slogans, "Napoleon is always right." Misinformation is spread regarding the hunger and low food stores at Animal Farm. Despite Snowball being the culprit and not the wind, the walls are built twice as thick as before. The latter lies include deceiving Mr. Whymper into thinking that bins of grain and meal are full of food when they are instead almost entirely full of sand. Why was "Beasts of England" banned? The hens revolt when they are told that they need to start providing 400 eggs a week. Retrieved from Animal Farm Chapter 7." www.Animal.Farm - April 17, 2025. September 5, 2020 Animal Farm Chapter 7. viewed April 17, 2025. < www.Animal.Farm - Animal Farm Chapter 7. Thin walls. They protest by allowing their eggs to get smashed, but Napoleon responds by eliminating their food rations until the hens relent five days later. Correct Answer D. Nine. This, in turn, has surely helped the rest of the animals associate Snowball's name with anger. Four days later, another commandment is broken: "No animal shall kill any other animal." And this happens multiple times. The smearing of Snowball's reputation continues as it has now been determined that he was Mr. Jones' secret agent prior to the Rebellion even occurring, a lie that the rest of the animals believe. This is because the humans are spreading lies of their own about Animal Farm, and Napoleon is worried about the "bad results that might follow" if they learn the truth about what is happening there. How does Orwell make readers understand events on Animal Farm before the characters do? Napoleon said he might have to sell the eggs so ... What is the song in "Animal Farm" and in which chapter does it appear? Available: . By blaming Snowball, the animals are manipulated into believing that he is the source of their troubles, rather than recognizing the corrupt leadership of Napoleon and the other pigs. Hens are known to be vocal and assertive, often displaying independent behavior. Squealer tells the animals that secret agents working with Snowball are at Animal Farm. It is the season that follows autumn and precedes spring in the yearly cycle. Their food is taken away, and they relent five days later. Those who depart that meeting unscathed leave stunned, shaken and sad, both by how many of their brethren had been involved with Snowball and by what happened to them as a result. The walls had been a foot and a half originally. Specifically, he would now get up a full hour earlier every morning. ExplanationAccording to Napoleon, Snowball was indeed with Mr. Jones at some point. Were the pigs who had confessed about being secretly in touch with Snowball lying or being truthful? What did Squealer say that convinced Boxer that his statements about the Battle of the Cowshed were truthful? Why does Napoleon blame Snowball for everything that goes ... Explore insightful questions and answers on Chapter 7 in Animal Farm at eNotes. Work hard. The thin walls ExplanationThe humans believe that the reason why the windmill fell is due to the thin walls. How does Napoleon maintain Animal Farm's ... Study with Quizlet and memorize flashcards containing terms like What change to the windmill do the animals make to ensure it will not fall down again?. Describe the animals living and working ... They put out lies that the animals were dying of famine and disease and fighting among themselves? As this is going on, humans are lying about the conditions at Animal Farm, but so are the animals. It seems like the windmill was actually destroyed by the weather, not Snowball, but why would the pigs lie about something like this when the result was their deaths? Quiz Review Timeline + Our quizzes are rigorously reviewed, monitored and continuously updated by our expert board to maintain accuracy, relevance, and timeliness. How many days did the hens not receive food until they ended their protest? The three hens responsible for their rebellion confess that Snowball had caused them to do so in a dream, and they are killed. They can be used alongside the summary revision video: Please write in FULL ... Does Snowball ever return to Animal Farm after Napoleon's dogs chase him away? Four pigs admit being in contact with Snowball and are killed by the dogs. How did the hens respond to the demand that they provide hundreds of eggs to Mr. Whymper? The dogs seem to have a Pavlovian-like response to Napoleon saying, "Snowball," letting out "blood-curdling growls" at that time. They filled bins almost to the rim with sand and then placed some grain and meal at the very top. How many times did the animals sing, "Beasts of England," before Squealer appeared and announced that it had been banned? Squealer announces that the singing of "Beasts of England" is no longer allowed since the revolution has been completed now that the traitors have been executed. Cite This Work APAMLAHarvardVancouverChicagoIEEEwww.Animal.Farm (April 17, 2025) Animal Farm Chapter 7. Boxer's bravery and physical strength are showcased as he fights off the humans and protects Snowball, showing his loyalty and dedication to the cause of Animalism. What solution did a troubled Boxer come up with to solve these issues in his mind? According to Squealer, what did Napoleon do to Mr. Jones during the Battle of the Cowshed? The same questions could be asked of the rest of the animals who confessed to various Snowball-related crimes and were killed afterwards. Nine die during that time. ExplanationThe statement suggests that Napoleon executed all individuals who claimed that Snowball had given them instructions. The hens ExplanationThe correct answer is "the hens." The sentence suggests that a group of animals had a mini rebellion, and out of the given options, the hens seem to be the most likely candidates. Correct Answer C. The cat. Which animal initially voiced unsureness about the accuracy of Squealer's description of Snowball's and Napoleon's roles at the Battle of the Cowshed? Correct Answer A. No. How many eggs were the hens ordered to make for Mr. Whymper every week? This allows the pigs to maintain control and avoid taking responsibility for their own actions. After Snowball is driven off the farm, the pigs, led by Napoleon, blame him for any misfortunes or failures that occur. Why are the chickens concerned? It's interesting that one of the most significant commandments - "No animal shall kill any other animal" - was clearly and openly violated, but none of the other animals pointed it out in this chapter. After singing, "Beasts of England," three times, Squealer informs them that the singing of that song is no longer allowed since the Rebellion has been completed, and it is now unnecessary. Animal Farm Chapter 7 Knowing that the outside world is watching, the animals rebuild the windmill as best and as quickly as they can. The sheep bleating, "Four legs good, two legs bad," for several minutes. Short and rotten ExplanationThe correct answer is "Both A and B." This means that the food was both short and rotten, as well as lush and healthy. Four pigs. It is replaced by a song that the animals don't really connect with. Which commandment had been violated by all of these killings? As this is going on, Napoleon is making fewer and fewer public appearances. How thick are they now as the windmill is being reconstructed? Why do the animals confess to being traitors? They went to the rafters and allowed their eggs to crash to the floor.
