Low power consumption and optimize application performance Are you not sufficiently entertained and amused by LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022? Then maybe the time has come to try following other Apps on the web who specialize in creating content which is a bit monotonous but capable of getting looks from all and Diverse. We're talking about an app like Assistive Touch for Android VIP 2.0 Apk for Android, Turbo Booster PRO 3.4.5 Apk for Android, Smart Android Assistant 2.6 Apk for Android, Cheat Droid PRO 2.3.3 Apk for Android, QR Bar Reader Pro 1.1 Apk for Android, . Download LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022 Apk for Free for Android Full version and LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022 Apk MOD available here and you can also download it. If you are looking to download LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022 Apk Full version or MOD then you can get here for your android. You can download LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022 MOD Apk and also LEO Privacy Guard & Lock & Boost 3.2 Apk for Android App 2022 Apk full version from here. Just select your desired version of Apk and download it. Many times we don't have access to play store or there are some apps which are not available in play store hence all those apps are made available here. So if you want to download any kinds of Free or MOD Apk you can access our site where almost all free Apk is available. Works with Android 4.0, 4.1, 4.2, 4.3, 4.4, 5.0, 6.0 Something went wrong. Wait a moment and try again. ID: com.leo.appmaster Author: Leomaster Version: 3.6 Update on: 2016-05-17 Facebook Browser DO NOT support download. Click to open Chrome Browser. Warranty safe installation, no addition ads or malware How to install APK App information: Retrieve running apps: • Allows the app to retrieve information about currently and recently running tasks. This may allow the app to discover information about which applications are used on the device.. Run at startup: • Allows the app to have itself started as soon as the system has finished booting. This can make it take longer to start the device and allow the app to slow down the overall device by always running.. Accounts: Find accounts on the device: • Allows the app to get the list of accounts known by the device. This may include any accounts created by applications you have installed.. Personal information: Read your contacts: • Allows the app to read data about your contacts stored on your device, including the frequency with which you've called, emailed, or communicated in other ways with specific individuals. This permission allows apps to save your contact data, and malicious apps may share contact data without your knowledge.. Modify your contacts: • Allows the app to modify the data about your contacts stored on your device, including the frequency with which you've called, emailed, or communicated in other ways with specific contacts. This permission allows apps to delete contact data. Write call log: • Allows the app to modify your device's call log, including data about incoming and outgoing calls. Malicious apps may use this to erase or modify your call log.. Location: Precise location (gps and network-based): • Allows the app to get your precise location using the Global Positioning System (GPS) or network location sources such as cell towers and Wi-Fi. These location services must be turned on and available to your device for the app to use them. Apps may use this to determine where you are, and may consume additional battery power.. Approximate location (network-based): • Allows the app to get your approximate location. This location is derived by location services using network location sources such as cell towers and Wi-Fi. These location services must be turned on and available to your device for the app to use them. Apps may use this to determine approximately where you are.. Messages: Read your text messages (sms or mms): • Allows the app to read SMS messages stored on your device or SIM card. This allows the app to read all SMS messages, regardless of content or confidentiality.. Edit your text messages (sms or mms): • Allows the app to write to SMS messages stored on your device or SIM card. Malicious apps may delete your messages.. Receive text messages (sms): • Allows the app to receive and process SMS messages. This means the app could monitor or delete messages sent to your device without showing them to you.. Send sms messages: • Allows the app to send SMS messages. This may result in unexpected charges. Malicious apps may cost you money by sending messages without your confirmation.. Other: Read call log: • Allows the app to read your device's call log, including data about incoming and outgoing calls. This permission allows apps to save your call log data, and malicious apps may share call log data without your knowledge.. Phone calls: Reroute outgoing calls: • Allows the app to see the number being dialed during an outgoing call with the option to redirect the call to a different number or abort the call altogether.. Directly call phone numbers: • Allows the app to call phone numbers without your intervention. This may result in unexpected charges or calls. Note that this doesn't allow the app to call emergency numbers. Malicious apps may cost you money by making calls without your confirmation.. Read phone status and identity: • Allows the app to access the phone features of the device. This permission allows the app to determine the phone number and device IDs, whether a call is active, and the remote number connected by a call.. Storage: Modify or delete the contents of your usb storage: • Allows the app to write to the USB storage.. Read the contents of your usb storage: • Allows the app to read the contents of your USB storage.. System tools: Access usb storage filesystem: • Allows the app to mount and unmount filesystems for removable storage.. Read battery statistics: • Allows an application to read the current low-level battery use data. May allow the application to find out detailed information about which apps you use.. Measure app storage space: • Allows the app to retrieve its code, data, and cache sizes. Close other apps: • Allows the app to end background processes of other apps. This may cause other apps to stop running.. Modify system settings: • Allows the app to modify the system's settings data. Malicious apps may corrupt your system's configuration.. Network: View wi-fi connections: • Allows the app to view information about Wi-Fi networking, such as whether Wi-Fi is enabled and name of connected Wi-Fi devices.. Change network connectivity: • Allows the app to change the state of network connectivity.. Full network access: • Allows the app to create network sockets and use custom network protocols. The browser and other applications provide means to send data to the internet, so this permission is not required to send data to the internet.. View network connections: • Allows the app to view information about network connections such as which networks exist and are connected.. Connect and disconnect from wi-fi: • Allows the app to connect to and

disconnect from Wi-Fi access points and to make changes to device configuration for Wi-Fi networks.. Effects on battery life: Control vibration: • Allows the app to control the vibrator.. : Install shortcuts: • Allows an app to add shortcuts without user intervention.. Uninstall shortcuts: • Allows the app to remove shortcuts without user intervention.. Display: Draw over other apps: • Allows the app to draw on top of other applications or parts of the user interface. They may interfere with your use of the interface in any application, or change what you think you are seeing in other applications.. Category Tools Get it on: Requirements: Android 4.0+ Version 3.6 for Android 4.0+ Update on 2016-05-17 File size 6.056.510 bytes Permissions view permissions What's new 1.
