We felt in safe hands. It was a beautiful river as well.The kayak padding on the fjord was peaceful and the experience was just what we wanted. With Daniel as our head guide and Alex as the second mate, we had lots of fun and enjoyed being with the other family too!Overall, our time with Outdoor Norway was definite highlights of our trip to Western Norway.The one negative is that we didn't get the rafting photos from Sept. 5th we paid for by email.Hello There, Thank you so much for your 5-star review! Your recommendation means a lot to us, and were thrilled to have been part of your adventure. Always pleasant to hear our guests' feedback recognising Outdoor Norway's commitment with high-quality tours and outstanding guide service Outdoor Norway TeamReview of: Outdoor NorwayWhat a magnificent day I had in Voss. You really want to go up the mountain on a clear day because the view is stunning. It was not busy at all. Unfortunately the restaurant was not open the day I went so I can't review that but I was able to watch a few brave people paragliding from the top. My only suggestion for improvement would be better signage for the trails.Fun, challenging and safe.We just came back from an amazing full day kayak river tour with Alex as guide. It was great fun and challenging as well. Alex guided us safely down the river with lots of good tips and tricks. We highly recommend Voss Flow.Voss is so beautiful! Step off the train and relax! Can recommend Voss taxi if you need one.Gondola is worth the trip for fab views and great walking trails. Nice cafes and options for food. Get on the river with Kayak Voss for pack rafting!First, we were well received by Amund who stood at the reception! Great and good instructor who made the whole experience even more fun, really recommend Petter as instructor! Thanks for the visit, we will be back soon.Hei! Tusen takk for de gode ordene! Det er alltid kjekt hre at bde velkomsten og selve flyopplevelsen falt i smak. Vi er heldige som har dyktige instrukturer som Petter, som gjr opplevelsen ekstra morsom og trygg for gjestene vre. Dere er hjertelig velkommen tilbake vi ser frem til gi dere en ny, fantastisk flytur snart! Vennlig hilsenAmund og resten av VossVind-teametSuper friendly and professional guides. Highly recommended.Firstly these guys have a great website that can be accessed in English and their language skills are first class. They are also very helpful via email in booking their trips and general advice to get the most of your time with them. I'm a splitboarder and you aren't always made to feel welcome with ski guides, but these guys were super patient and helpful. Carlos helped me arrange the activities I did with Wild Voss, some splitboarding on one of their very friendly 'rookie days' , a freeride day with another British snowboarder, and a private day's touring with Rasmus, a Danish guide. I ended spending most of the rookie day with Rasmus as well as I was much slower than the rest of the group. He was extremely knowledgeable, and educated me on everything from the local weather to the local plant life. A very, easy going, entertaining, and helpful young man. He helped me get to the top of a beautiful and quiet forest on my private tour day and gave me great advice on kick turns and technique along the way. Both Carlos and Rasmus are top guys, and I would not hesitate to recommend Wild Voss as a company. In fact, I'm hoping to get back out and do some more splitboarding, and possibly climbing in summer too.Voss Bowling is a great place for everyone who is looking for a fun and active day. Here you will find 8 bowling courts, a large playground of 300 square meters, and serving food and drinks.This is a place for the whole family, where both big and small can have fun. In addition to bowling, you can play in the playground, have a snack, play pool or just socialize with friends.Voss Bowling also has great offers, such as senior bowling including breakfast on Wednesdays, and student bowling with discount on selected days.The opening hours are also very flexible, with open from early morning to late evening most days.All in all, Voss Bowling is a place highly recommended for anyone looking for a pleasant and active day/Highly recommended snowshoeing experienceWhat an amazing snowshoeing experience we had! Marcio is a fun and knowledgeable guide and we especially loved the deep snow as we ventured more into the woods. Breathtaking views and just an all round incredible experience. Would highly recommend, thank you!Hello There, Thank you so much for your 5-star review! Your recommendation means a lot to us, and were thrilled to have been part of your adventure. Outdoor Norway TeamReview of: Outdoor NorwayBreathtaking views for this tourist!The Voss Gondola is an absolute must-do for anyone visiting the area. The views are simply breathtaking! When we went, it was snowing, which made the valley look misty and even more magical. The journey up offers a stunning perspective of the surrounding landscaperefect for photos and just soaking in the beauty of nature. If you're someone who struggles with heights, this might not be for you, as the gondola ride is quite high up. But for tourists like us, it was definitely worth every penny.
