TrueCaller is a tool that allows you to identify all incoming calls so you know who is trying to contact you before you answer the call. This means you can block all unwanted numbers so they can never call you again. In addition to caller ID, which requires a Wi-Fi or 3G internet connection, TrueCaller also includes some other great features. For example, you can use photos from Facebook, Twitter or Google Plus to customize the screen that appears when your friends and contacts call you. When you receive calls from unknown numbers, TrueCaller will tell you how many users have marked that number as spam. This will help you quickly determine if the call is interesting or important. TrueCaller is a useful app for anyone who has experienced telemarketing and other unwanted calls. After installing this app, you will never have to deal with unwanted calls again.
