Based on a true story on peacock

Eventually, Ava and Nathan are complicit in his new crimes, their dance with the devil turning into a marathon. The showrunner and executive producer Annie Weisman appreciated the "exceptional performances" of Kaley and Chris, according to a report by NBC. Who Else Was In 'Based on a True Story'? The season ended with Matt escaping and authorities wrongfully arresting Nathan.Annie Weisman took over as showrunner in Season 2 after Rosenberg stepped down but remained as executive producer. We have some sad news today for fans of Peacock's Based on a True Story, as the streaming platform has given the ax to the dark comedy thriller after just two seasons. It's just ugly. Season 2 starts 3 months after the events of Season 1. We'll have to wait and see, but they're definitely not done yet."The series received largely positive reviews from critics, with praise directed mainly toward the performances and writing, among other things. The brutal slaying that tips Nathan off to his plumber's guilt is one such problem. Even though there's plenty to say about true-crime capitalism, Ava and Nathan are so too annoying and shallow as the series introduces how they would be more interested in money, popularity, and ratings than having a conscience about murders happening in their orbit. At least by the end of episode eight, "Based on a True Story" emerges as having a unique voice within the phenomenon of true crime, especially in the era of Hulu's true-crime comedy "Only Murders in the Building." But one of this show's smartest features is how it leaves audiences at the end of season one. Once this shift is made, "Based on a True Story" allows us to see Ava and Nathan from a different and more challenging angle. A real estate agent by trade, Ava has a deep obsession with true crime, while Nathan is finding his place in life as a tennis coach after a debilitating knee injury took him out of the pros. Focused on taking care of her family, Ava is determined to resist her true-crime obsession and return to work as a real estate agent while Nathan trains private tennis clients. A realtor, a former tennis star, and a plumber seize a unique opportunity to capitalize on America's obsession with ... Watch Based on a True Story, a new comedic thriller series starring Kaley Cuoco exposing America's obsession with true crime. But then it gets much worse. The series is restricted to glimmers with this idea, too, and has a bad habit of going off on fantasy tangents—scenes in which they daydream about having sex with someone else, only for us to be reminded that it's only in their heads. Using that universal experience as its foundation, Based on a True Story centers around married couple Ava (Cuoco) and Nate Bartlett (Messina), who, when we first meet them, are preparing to welcome their first child into the world. David Wain directed all six episodes and executive produced. It wasn't long after the first season's run that Based on a True Story was picked up for a second season, so it certainly rang some alarm bells as the months rolled on without any news on a third. They attempt to lead a simple and quieter life. Although Season 2 ended on a major cliffhanger, the streamer opted not to move forward with a third season.Peacock cancels Kaley Cuoco-led Based on a True Story after two seasonsAccording to Variety, Peacock has canceled Based on a True Story after two seasons.A spokesperson confirmed that the streaming platform has canceled the show, which Craig Rosenberg created and Kaley Cuoco, Jason Bateman, and Michael Costigan, among others, executive-produced.The show debuted in June 2023 and wrapped its second season in November 2024, totaling 16 episodes. In the podcasting and docuseries era, murder is insatiable content. In Season 1, Ava Bartlett (Kaley Cuoco) and her husband Nathan (Chris Messina) capitalized on their encounter with a serial killer by launching a true-crime podcast.Season 2 introduced Paige, a copycat killer who kidnapped the couple before Matt, the original killer, intervened. They're no longer our kooky, misguided heroes in an initially cutesy premise but a couple desperate for control (and Cuoco and Messina have great chemistry presenting this). Still, for one reason or another, NBCUniversal's streamer decided to close the book and move on from Based on a True Story. Given how "Based on a True Story" suddenly ends, its second season can only make its true-crime dilemma deliciously worse. This led to a chain of events and the unfolding of some of the most intriguing secrets.They blackmail Matt into doing a crime podcast with them. By the end of Based on a True Story season 2, he frames Nathan for his crimes, setting up a major cliffhanger:Season 2 also introduces Melissa Fumero, Brooklyn Nine-Nine fame, in a new role, adding fresh dynamics to the storyline. The show largely reflects America's obsession with true crime stories and can make the viewers recall a point from their lives when they used to be obsessed with such podcasts. Universal Television, a division of Universal Studio Group, produces in association with Curry's Unanimous Media. At the time Based on a True Story Season 2 came out, showrunner Annie Weisman told MovieWeb's Greg Archer that she didn't really see a limit as to how long the show could go on for, noting that at the end of the sophomore outing, the creators were "able to kind of tease a whole new mystery that could bring us back for another season." Sadly, that's not going to happen, despite Weisman adding: "I don't see why we couldn't continue that." "Based on a True Story' Was Loved by Fans and Critics Peacock Sadly, no reason was given for the cancellation of Based on a True Story, so at this time we don't know if it was related to viewing numbers, budget costs, or some other behind-the-scenes issues. Tracy Letts, Layla Scalisi, Tien Tran, and Rich Sommer returned. As they succumb to the temptations that would make this podcast a mega-hit in real life, Ava and Nathan create a phenomenon that also becomes their trap, with ego-driven producer/star Matt taking more and more control. Everyone in America listens to it, like Serial, and everyone has an opinion. No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits. Get our Breaking News Alerts and Keep your inbox happy. From Craig Rosenberg, Based on a True Story ran for two seasons and starred Kaley Cuoco and Chris Messina. And with brazenly open dialogue ("Money's great!"), the series riffs as a bonkers media satire, relishing what might happen if such a podcast were to become popular and available on Spotify. "I became fascinated with the idea of a reliable married couple whose youthful dreams hadn't come to fruition and who saw the true crime tidal wave as an opportunity to change their lives and save their marriage. With Kaley Cuoco, Chris Messina, Tom Bateman, Liana Liberato. The show delved deep into the obsession of this married couple with true crime stories, and they ended up finding out about a crime that their plumber, Matt, committed in the very first episode. The series has continued to come up with such unique twists, however, according to reports, the show is ending after its season 2. "Based on a True Story" is also something of a marriage story, in which Ava and Nathan have been married for ten years and are about to have a baby but are disconnected by their stresses with work (she's a realtor, he's a former tennis star who still clings to the day he beat Federer). Despite the positive critical reception, Peacock opted not to renew it. The Mr. Throwback documentary, from Happy Endings creator David Caspe and writing duo Matthew Libman and Daniel Libman, centers on Danny Grossman (Adam Pally), a down-on-his-luck memorabilia dealer who looks for redemption by reuniting with his sixth-grade teammate, NBA great Steph Curry. "Based on a True Story" is the case of a show that's most intriguing for what could come next. Cue the Alba line. "Based on a True Story" uses this time-killing trick constantly, a cheap way for the show to push more buttons. For US customers: Your device must physically be located in the US to stream. All of season one was screened for review. Instead, it remains gravely self-amused at its wacky premise, which is more cloying than poignantly cynical. Executive producer and showrunner Annie Weisman previously expressed interest in continuing the story, noting unresolved plotlines and character arcs. Our Los Angeles setting — the city where everybody wants to be famous — became a vivid backdrop to our story of fame, ambition, aspiration and murder." Related The cancellation of a TV series often leaves its audience with a bitter taste, even more so if the story never really came to a conclusion. It's crucial in helping the show's tone transform as it gets weirder and weirder, realizing the potential that a podcast offers for his passion of murdering people. Annie Weisman served as writer, showrunner, and an executive producer on Season 2 with Jaclyn Moore also writing and executive producing. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use. Craig Rosenberg created the series and served as an executive producer. Such hollowess is part of a glaring tone issue that makes the first few episodes both basic and grueling, even as a striking idea shows glimmers of itself. Celebrities tweet about it, and then the fluid moral conscience of American pop culture has its say. The series quickly gained popularity with fans, a lot of whom saw much of themselves in Cuoco's true crime junkie character. On the horizon, the streamer has shows like the "Twisted Metal" Season 2 coming this summer, as well as the followup to "The Office," a series version of "The Bubs" starring Keke Palmer, and Season 2 of the hit comedy prequel "Ted." Based on a True Story, Season 2 premiered on November 21, 2024, exclusively on Peacock. Hope there's a Season 3! Sorry to disappoint you, Scott. In addition to leading stars Cuoco and Messina, the series also featured a cast that included (over its two seasons) Tom Bateman, Liana Liberato, Lizze Broadway, Priscilla Quintana, Natalia Dyer, and more. The eight-episode first season premiered in 2023, and was followed a year and a half later with another eight episodes in November 2024. Still, that shouldn't discourage you from checking out this great series, which you can still stream now on Peacock if for nothing more than its excellent performances. "Based on a True" story starred Kaley Cuoco and Chris Messina as a financially struggling couple who decide to start a true crime podcast to investigate whether or not their plumber is in fact a serial killer. UCP was the studio. Splattering her blood during a workout session is unearned and falls into an awkward pit—it's neither ominous nor funny enough. The series is a satire of the true crime genre with elements that are loosely inspired by true events. "Based on a True Story" and "Mr. Throwback" Peacock Peacock has canceled two shows: Based on a True Story and Mr. Throwback, Deadline has confirmed. Alex Buono serves as director and executive producer. Universal Television was the studio. Both Curry and Pally executive produced in addition to starring, with Curry executive producing under his Unanimous Media banner along with Erick Peyton. During the first episode, the pair find themselves investigating a murder that they believe a mutual friend committed, leading them down a twisted rabbit hole of dangerous secrets that keep audiences guessing until the season finale. "Based on a True Story" is initially not so funny, despite trying to have its fun with pop culture's fixation on other people's real-life horror, and our desire to become armchair detectives. Podcasts, documentaries, fictional shows based on true stories — they dominate the culture. Who among us hasn't — at one time or another over the last several years — found ourselves completely engulfed in a true crime podcast or docuseries? They have to play confused and naive here often, and the plotting cannot create robust comedic scenarios about how they're in way over their heads. At the time of its premiere, creator Craig Rosenberg told various outlets - including Peacock - that his goal was to create a show which examined America's obsession with turning serial killers into celebrities. Ava returns to her real estate career, while Nathan focuses on his tennis training business. We see it at the very beginning of the pilot, and then the show jumps back two weeks and humanizes the victim a tiny bit. Sign Up Peacock has officially reached the bookend for its series, Based on a True Story, as Variety reports the streamer has slapped the title with a cancellation. Murderers have become celebrities, and celebrities have become murderers which inspired me to create this show. With a darkness that's familiar to "The Boys," "Based on a True Story" starts showing how true crime isn't fun when you're in the narrative. Married California couple Ava (Kaley Cuoco) and Nathan (Chris Messina) stumble onto a content-creating gold mine when they learn that their charming but imposing plumber Matt (Tom Bateman) is indeed a trending serial killer known as the West Side Ripper. The title hailed from creator Craig Rosenberg, who fans of The Boys and Gen V will recognize as a frequent writer and producer on the blood-filled Prime Video series. The license may not give you all of the permissions necessary for your intended use. RELATED: 2025 Premiere Dates For New & Returning Series On Broadcast, Cable & Streaming Bateman and Michael Costigan executive produced for Aggregate Films, along with Cuoco. Both seasons of Based on a True Story are now streaming on Peacock. First, it's his notes about how the show should be edited and even the music cues. David Caspe, Matthew Libman, and Daniel Libman served as writers and executive producers on the project. Given Ava's love for true-crime podcasts, the financially struggling couple enters into an agreement with Matt to create a podcast. That will allow him to brag about his work while also giving true-crime junkies the side of a story they hardly ever get. Ego Nwodim and Ayden Mayeri also star in the one-season series. Rosenberg served as creator, writer, showrunner, and executive producer of Season 1. A key element to the slow-burning wit of "Based on a True Story" is in Bateman's performance, which displays his Jack Nicholson-like sneer. All eight episodes of "Based on a True Story" are now streaming on Peacock. Caspe writes and exec produces with the Libmans, Pally, Curry, and Unanimous' Erick Peyton. He was succeeded by Annie Weisman as showrunner of the series in Season 2 as Rosenberg pursued other projects but remained as executive producer. The official synopsis of the show on IMDB reads, "A realtor, a former tennis star, and a plumber seize a unique opportunity to capitalize on America's obsession with true crime." Based on a True Story, despite having a decent rating on Rotten Tomatoes, has been canceled after season 2. Attribution — You must give appropriate credit , provide a link to the license, and indicate if changes were made . I enjoy Kaley Cuoco immensely. Deadline reports that Based on a True Story won't be returning for a third season. Starring The Big Bang Theory's Kaley Cuoco, the series featured her and Chris Messina as married couple Ava and Nathan Bartlett, who, after suffering a series of unfortunate life events, team up with a serial killer (Tom Bateman) to start a true-crime podcast. However, their lives are disrupted when a new series of murders emerges, drawing them back into the world of true crime. But while Ava and Nathan try to build their relationship with Matt, they doubt he is the one behind the killings. The show originally premiered in 2023. The second season came out all the way back in November, so fans have been waiting months for the final verdict, but it's not the one they were hoping for. The licensor cannot revoke these freedoms as long as you follow the license terms. The series doesn't initially have the cleverness to get its desired bite, and the comic talents of Cuoco and Messina go largely unused. All eight 30-minute episodes were released on the same day, offering viewers a complete binge experience. What's next for Peacock's Based on a True Story? Weisman told TVLine in November 2024, "It feels like there is more story — the potential of either [Matt and Paige] teaming up, or a fight to the death between them. Peacock's current scripted slate includes shows like recent entries like "Long Bright River" with Amanda Seyfried, the upcoming fifth season of "Law & Order: Organized Crime," and "Poker Face" Season 2. As Nathan presents it to him: "Life in prison, or make a podcast?" Created by Craig Rosenberg (previously of "The Boys"), the show's approach is initially too superficial, and the character work suffers for it. The cast also included Tom Bateman, Liana Liberato, and Priscilla Quintana. Krystal D was another who was hoping for another season, adding: "Based on a True Story season two surpasses season one! The twists and turns! The chemistry of the cast has gotten hotter! I laughed out loud during every episode." Unfortunately, Based on a True Story Season 2 ended on somewhat of a cliffhanger, so we'll never get true closure, so we'll never get true closure. The Spool noted in his review that "as a social satire, Based on a True Story Season 2 is far more sledgehammer than scalpel, but that's the delight of it." Fans had equal praise for the series, with RT user Scott P saying, "This show is so fun and frequently hilarious. Season 1 follows Ava (Cuoco) and her husband Nathan (Messina), a down-on-their-luck couple whose lives collide with an infamous serial killer terrorizing Los Angeles. and seize a unique opportunity to capitalize on America's obsession with true crime by making a podcast with the killer. Peacock does not release regular viewership information, so gauging the exact audience of either show is difficult, but both received solid reviews upon their release. Blending dark comedy with a thrilling plotline, folks were hooked from the start, putting the title on par with other similar pieces of content like Only Murders in the Building. Season 2 focused on new parents Ava and Nathan Bartlett three months into parenthood. Aggregate Films' Roxie Rodriguez co-executive produced with Melissa Blake. But by episode six in this first season, "Based on a True Story" finally develops into something meaty and noteworthy. The series reunited Pally with Caspe and the Libmans, as Pally previously starred in the ABC comedy "Happy Endings," which was created by Caspe and on which the Libmans were writers. "Over the last decade, a true crime phenomenon has swept over America. You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable exception or limitation . Stream exclusively on Peacock! He also comes up with the podcast's name. No warranties are given. She is endlessly watchable. Source: Deadline The comedies "Based on a True Story" and "Mr. Throwback" have been canceled at Peacock, Variety has learned exclusively. ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same license as the original. Both Cuoco and Messina executive produced in addition to starring. Adapt — remix, transform, and build upon the material for any purpose, even commercially. For example, other rights such as publicity, privacy, or moral rights may limit how you use the material. Fans and critics seemed to love the series, as it holds an overall rating on Rotten Tomatoes of 79%, with Season 2 being the highest rated at 83%. Source: Variety It takes a long time—too long of a time, frustratingly—for the true-crime comedy "Based on a True Story" to get to its first laugh-out-loud line: "We're gonna get canceled! Jessica Alba f**ked us!" That frantic moment arrives at episode seven, after Ava and Nathan have hit the latest roadblock in their Faustian deal of collaborating on a true-crime podcast with an actual serial killer. It's a savory, distinct performance once the series as a whole gets its act together. Based on a True Story, season 1 scored 76%, and Season 2 scored 83% on Rotten Tomatoes. Like a good, however flawed, podcast, there's a bunch you might wish you could skip over, but it still leaves you curious and impatient for the next episode. Edited by Ayesha Mendonca Based on a True Story: Created by Craig Rosenberg. David Wain also exec produces and directs. Ava discovers the identity of a real serial killer, who goes by the name Matt Pierce and is popularly known as "Westside Ripper." Instead of going to the police, she has a wild idea, and they end up asking the criminal to be part of a true crime podcast, or else they will expose him. The official logline for "Mr. Throwback" stated, "A down-on-his-luck memorabilia dealer (Adam Pally) looks for redemption by reuniting with his sixth-grade teammate, NBA legend Steph Curry." Curry played himself in the comedy series. The series is produced by UCP, a division of Universal Studio Group, Jason Bateman and Michael Costigan executive produced via Aggregate Films, while Alex Buono executive produced and directed multiple episodes. Variety was first to report the cancellations. Ava, played by Kaley Cuoco, and Nathan, played by Chris Messina, are now new parents. It's a shame the show takes so long to get to this point. "Based on a True Story" had debuted its second season in November 2024, while "Mr. Throwback" aired its one and only season at the NBCUniversal streamer in August 2024. Suggest an edit or add missing contentYou have no recently viewed pages Peacock has officially canceled the true-crime satire Based on a True Story after two seasons, ending any plans for Season 3. And yet this Peacock series, debuting today with its eight-episode first season, is still getting a recommendation from this critic. The news is a bit shocking as both seasons of the Kaley Cuoco and Chris Messina-led dark comedy drama performed well with audiences and critics alike, earning positive Rotten Tomatoes ratings. "Kaley and Chris deliver exceptional performances, bringing depth, authenticity, and comedic chemistry to every moment." In season 2, Ava's sister Tory is engaged to Matt and there are more murders taking place in town. Showing potential for growth, the second season even added 7 points to its score on the online platform, moving from a Season 1 76% critics' approval rating to Season 2's 83%. He helps further raise the heightened dark comedy of the scenario, giving a sense of a celebrity just doing what he loves. The platform does not release viewership figures.Originally reported by Anubhav Chaudhry on ComingSoon.The post Based on a True Story Season 3 Canceled by Peacock appeared first on Mandatory. Ego Nwodim and Ayden Mayeri also starred, with Tracy Letts, Layla Scalisi, Tien Tran, and Rich Sommer appearing in recurring guest star roles.
