You are expected to produce a written argument on a given topic and to organise your answer clearly, given some examples to support your points. A variety of tasks is used, including: multiple choice questions, identifying information, identifying writer's views/claims, matching information, matching headings, matching sentence endings, sentence completion, summary completion, note completion, table completion, flow-chart completion, diagram label completion, short-answer questions. This task tests your ability to select and report the main features, to describe and compare data, identify significance and trends in factual information, or describe a process.
